I'm a **CLINICAL COACH** What is Your Super Power!

Ever wonder about the impact you make as a coach?

Here are a few student comments to illustrate your immense impact:

◇ Some people say that life can change very quickly in a very positive way if you let it. I would say that nursing school was the change, but you were the focal point of the positive impact. You always created an environment for learning, provided patience, and had an appreciation for self-growth. While at times the role of a nurse can be physically and emotionally draining, you never let the difficulties be outweighed by the satisfaction that you got from helping people. Your compassion and drive will continue to be an inspiration to me now that I am a nurse. It is my hope that I can inspire others in the way that you have done for me. I am grateful to have been paired with such an amazing nurse as my coach.
~ Tiffany Wood, BSN, RN, Graduate 2018

◇ My coach taught me many things throughout our year together in clinical, many of which extended far beyond basic nursing skills. Her compassion for people and ability to remain calm and patient even during the most stressful of situations taught me a great deal about how to handle myself as a nurse. She had such a positive impact on me and I am truly grateful for the opportunity to have had her as my coach. I plan on taking all I've learned from her and applying it to my practice as a compassionate and caring registered nurse.
~ Christina Hargett, BSN, RN, Graduate 2018

Reminders:

- Going back to school? Ask us about the Coach/Preceptor Tuition Reimbursement program.
- Tax season is upon us, be sure to grab all of your W-2s
- Students start clinical the beginning of February
- Be actively discussing and signing the student's checklist
- Mid-Term Evaluations in March and Final in April

◇ I KNOW that the nurse I am and will continue to become is a direct reflection of the three phenomenal women. They showed me first hand how to be kind compassionate, professional, how to have a sense of humor, be independent in my practice, confident in my abilities and what I learned, how to advocate for my patients, and how, very often, our gut is our best tool. I am blessed beyond measure to join the RN ranks with these women, but more importantly, to call them my friends. Jessica, Shanna, & Pam will forever hold a special place in my heart.
~ Ali Parker, BSN, RN, Graduate 2018

FIRST SEMESTER COURSE INFORMATION & CLINICAL FOCUS

2019 Spring Semester Course Timeline:

Spring 2019-20 credits 1/8-4/26	Week of 1/7	Week of 1/14	Week of 1/21	Week of 1/28	Week of 2/4	Week of 2/11	Week of 2/18	Week of 2/25	Week of 3/4	Week of 3/11	Week of 3/18	Week of 3/25	Week of 4/1	Week of 4/8	Week of 4/15	Week of 4/22
