Operating Policy and Procedure

SON OP 30.280 – VBSN Comprehensive Assessment Placement (CAP) Battery Testing Policy

PURPOSE The purpose of the Comprehensive Assessment Placement (CAP) Battery Operating Policy and Procedure (SON OP) is to provide students and faculty with performance data that can be compared to national standards and assist with the development of individualized learning plans.

REVIEW The OP will be reviewed biennially by September 1 of each even numbered year (ENY) by the applicable Associate Dean/Department Chair, with recommendations for revisions forwarded to the Dean of the School of Nursing.

POLICY/PROCEDURE

Students in the Veterans to BSN (VBSN) Degree Program who seek to receive advanced placement in the curriculum for NURS 3380 (Foundations), NURS 3107, 4207, and 4104 (Pharmacology I, II, and III) or NURS 4409 (Management and Leadership in Nursing) are required to pass the ATI Standardized Examination with a minimum competency score as determined by the Second Degree/VBSN Program Subcommittee and based on ATI recommendations. VBSN students seeking advanced placement in NURS 3307 (Health Assessment) will be required to successfully pass a comprehensive health assessment exam with 75% or higher score and pass a standardized clinical simulation experience. Students who are unsuccessful on advanced placement attempts will be required to complete the courses as set forth in the VBSN curriculum.
